Letter from Provident Aurum

21 May, 2024

Dear Sihayo Shareholder,

Cash Offer to acquire Your Shares

On behalf of Provident Aurum, I am pleased to present you with this all-cash offer to acquire all your ordinary shares in Sihayo Gold Limited for 0.225 cents per share.

Provident Aurum is a special purpose vehicle wholly owned by Provident Minerals and as at the date of this Bidder's Statement, has a voting power in Sihayo of approximately 40.41%. This represents the largest shareholding interest in Sihayo. As at the date of this Bidder's Statement and as at the date of this Offer, Provident Aurum directly holds 3,790,875,682 Sihayo Shares (or 31.06%). Provident Aurum's voting power in Sihayo also includes interests held by two of Provident Aurum's associates: Eastern Field, which holds 753,899,588 Sihayo Shares (or 6.18%) and Mr. Gavin Arnold Caudle (who is also a director of Sihayo) who holds 386,561,302 Sihayo Shares (or 3.17%).

Further details about the Bidder and its associates are set out in section 3 of this Bidder's Statement and in the substantial shareholder notice lodged by the Bidder on 15 February, 2024.

Why you should accept the Offer

1. The Offer is at a significant premium to a range of relevant pricing metrics for Sihayo Shares, as calculated as at 29 April, 2024, the last trading day before Provident Aurum announced its intention to make an Offer:
 - 125.0% premium to the closing price of Sihayo Shares on ASX of 0.100 cents per Share;
 - 84.5% premium to the 1-month VWAP of 0.122 cents per Share;
 - 72.1% premium to the 3-months VWAP of 0.131 cents per Share;
 - 51.4% premium to the 6-months VWAP of 0.149 cents per Share; and
 - 22.3% premium to the 1-year VWAP of 0.184 cents per Share.
2. Sihayo Shares are thinly traded, and the Offer enables you to sell your entire shareholding.
3. The Offer provides all cash certainty for all Your Shares, with no transaction costs (that would otherwise be payable for on-market sale) if the Offer becomes unconditional. Importantly, the Offer is not subject to any funding condition.
4. The Offer Price is best and final and will not be increased by Provident Aurum in the absence of an alternative or competing proposal (the likelihood of which Provident Aurum considers low).
5. This is also the only offer currently available to you and in the absence of the Offer and without a material change to the Project, there is no certainty that the trading prices will exceed the Offer Price.
6. If you do not accept the Offer, you may remain exposed to risks and uncertainties associated with Sihayo, including:
 - a) Uncertainty surrounding the development of the Project
 - b) Financing risks
 - c) Development risks

Bidder's Statement

- d) Operational risks
 - e) Gold price volatility
 - f) Foreign exchange rate volatility
 - g) Indonesian risks
7. If you do not accept the Offer and if Provident Aurum achieves a more than 50% interest in Sihayo, you may be subject to increased minority shareholder risks and uncertainties. These may include reduced liquidity, heightened volatility, diminished institutional support, and limited analyst coverage. Additionally, there is the potential for Sihayo to be delisted from the official list of ASX (see section 5.2).
 8. If the Offer is unsuccessful, the trading price of Sihayo Shares may remain below the Offer Price.
 9. If the Offer is unsuccessful, Provident Aurum may reconsider its Sihayo investment, potentially leading to a discontinuation of financial support for the Project or even to the divestment of Provident Aurum's Sihayo Shares.
 10. Provident Aurum considers that the trading price of Sihayo Shares is justifiably significantly lower than Sihayo's calculation of the NPV of the Project in May 2023.

Why Provident Aurum is making the Offer

Provident Aurum's sole shareholder, Provident Minerals, has been a Sihayo Shareholder since 2013 and has been an active supporter of Sihayo, including taking up its rights in all recent equity capital raisings, providing the recent unsecured working capital loan of US\$3.9 million as well as providing assistance to Sihayo in connection with Indonesian regulatory approvals.

Despite multiple capital raisings over many years, Sihayo has still not been able to advance the Project to the development phase.

Although Provident Aurum does not intend to develop the Project in the near term, Provident Aurum believes that a successful Offer will allow it to conduct a broad-based review of Sihayo at a strategic, financial, and operational level. The review will focus on identifying opportunities for cost reduction.

In the medium term, Provident Aurum may allocate more resources to try to develop the Project. Before the development of the Project becomes certain, the level of activities for the Project is expected to increase considerably and this is likely to lead to significantly more capital raisings which could be a combination of debt and equity. To the extent that this is raised via further equity raisings in which remaining Sihayo Shareholders do not participate (or do not participate pro rata to their existing shareholdings), remaining Sihayo Shareholders' shareholdings will be diluted.

In addition, the expenses to maintain Sihayo as a publicly listed company currently account for a material proportion of Sihayo's total recurring expenses. In the event Provident Aurum is entitled to and proceeds with the compulsory acquisition of the outstanding Sihayo Shares or is able to procure the removal of Sihayo from the official list of ASX, these expenses can be avoided and scarce cash which is otherwise allocated to meet these expenses can be redeployed to the Project.

After careful consideration of other alternatives, including discontinuation of financial support for the Project and the divestment of its Sihayo Shares, Provident Aurum believes that the Offer is in the best interests of itself, Sihayo Shareholders, and Sihayo.

How to accept the Offer

Details of our Offer, including its terms and conditions, are set out in Schedules 1 and 2. We encourage you to read this document and accept the Offer as soon as possible. The Offer will be open for your

Bidder's Statement

acceptance from 12 June, 2024 until 7.00pm (AEST) on 12 July, 2024 unless extended in accordance with the Corporations Act.

To accept the Offer, please follow the instructions on the Acceptance Form enclosed with this Bidder's Statement and the information in the "How to accept" section at the beginning of this Bidder's Statement.

If you have any questions Provident Aurum has set up an Offer Information Line which can be reached either by phone on 1300 043 194 (+612 8355 1006 outside Australia), through a live online chat facility by scanning the QR Code listed on the cover page of this Bidder's Statement, or by going to chat4.shareholdersfirst.com.au.

We appreciate your consideration of our Offer and look forward to receiving your acceptance for all Your Shares.

Yours sincerely,

Hari Gurung

Provident Aurum Pte. Ltd.

Director

1. Why you should accept the Offer

1	The Offer is at a significant premium to Sihayo's VWAP over recent time periods
2	Sihayo Shares are thinly traded, and the Offer enables you to sell your entire shareholding
3	The Offer provides all cash certainty
4	The Offer Price is best and final and will not be increased in the absence of an alternative or competing proposal
5	The Offer is the only offer currently available to you
6	If you do not accept the Offer, you may remain exposed to risks and uncertainties associated with Sihayo
7	If you do not accept the Offer and if Provident Aurum achieves a more than 50% interest in Sihayo, you may be subject to increased minority shareholder risks and uncertainties
8	If the Offer is unsuccessful, the trading price of Sihayo Shares may remain below the Offer Price
9	If the Offer is unsuccessful, Provident Aurum may reconsider its investment in Sihayo, potentially leading to a discontinuation of financial support for the Project or even to the divestment of Provident Aurum's Sihayo Shares
10	Provident Aurum considers that the trading price of Sihayo Shares is justifiably significantly lower than Sihayo's calculation of the NPV of the Project in May 2023

1.1 The Offer is at a significant premium to Sihayo's VWAP over recent time periods

The Offer is to acquire all Sihayo Shares that Provident Aurum does not already own for 0.225 cents in cash per Sihayo Share. 0.225 cents represent a compelling 22.3% to 84.5% premium to a range of Sihayo VWAPs¹ over recent time periods – see Figure 1 below.

Figure 1: Offer Price vs key Sihayo VWAP benchmarks (cents, offer premium)

Note(s): VWAPs are calculated based on ASX trading data sourced from Bloomberg. VWAPs are calculated as at close of trade on the last trading day prior to the Announcement Date.

1.2 Sihayo Shares are thinly traded, and the Offer enables you to sell your entire shareholding

An average of between 0.0024% to 0.0089% of Sihayo Shares are traded daily on the ASX over recent time periods. This represents an average traded value representing A\$354 to A\$1,377.

Given the current limited trading volumes of Sihayo Shares, Sihayo Shareholders have had few opportunities to sell their Sihayo Shares in full at the prevailing market price. The Offer is attractive because it provides you with the opportunity to sell your entire shareholding.

Figure 2 below sets out Sihayo's average daily trading volume and average daily trading value over various periods:

¹ **Source(s):** Bloomberg as at 29 April, 2024. As permitted by ASIC Corporations (Consents to Statements) Instrument 2016/72, this chart contains ASX share price trading information sourced from Bloomberg without its consent.

Figure 2: Average proportion of Sihayo total shares on issue traded daily and average daily trading value (A\$) over various periods²

Note(s): Average daily trading value of Sihayo Shares is calculated as at close of trade on the last trading day prior to the Announcement Date. Average daily traded value is the product of average daily trading volume and average daily share price. Total fully paid ordinary shares of Sihayo as at 29 April, 2024 is 12,204,256,180.

1.3 The Offer provides all cash certainty

The Offer provides you with an opportunity to receive certain cash for all of Your Shares, with potentially no transaction costs. If you accept the Offer and the Offer becomes unconditional:

- you will be paid 0.225 cents in cash for each Sihayo Share;
- if Your Shares are registered in an Issuer Sponsored Holding in your name and you deliver them directly to the Bidder, you will not incur any brokerage fees in connection with your acceptance of the Offer. (If Your Shares are registered in a CHESS Holding, or if you are a beneficial owner whose Sihayo Shares are registered in the name of a broker, bank, custodian, or other nominee, you should ask your Controlling Participant (usually your broker) or that nominee whether it will charge any transactional fees or service charges in connection with acceptance of the Offer); and
- you will be paid your cash consideration by the earlier of:
 - 21 days after the end of the Offer Period; and
 - within one month after the date the Offer becomes or is declared, unconditional or the date you accept the Offer if at that time the Offer is unconditional.

The Offer is subject to Provident Aurum obtaining a relevant interest in more than 50% of Sihayo's Shares and other conditions as set out in Schedule 2. Importantly, the Offer is not subject to any funding condition.

² **Source(s):** Bloomberg as at 29 April, 2024

1.4 The Offer is best and final in the absence of an alternative or competing proposal

The Offer Price is Provident Aurum's best and final offer price and will not be increased unless an alternative or competing proposal emerges (the likelihood of which Provident Aurum considers low). Even if an alternative or competing proposal does emerge, Provident Aurum may decide not to increase the Offer Price.

1.5 The Offer is the only offer currently available to you

The Offer is the only offer available for all Your Shares as at the date of this Bidder's Statement. In the absence of the Offer and without a material change to the Project, there is no certainty that the trading price will exceed the Offer Price.

As at the date of this Bidder's Statement and the date of this Offer, Provident Aurum has a voting power in Sihayo of approximately 40.41%. As a consequence, Provident Aurum believes that the likelihood of a competing proposal emerging for Sihayo is low (as it is unlikely that a third-party bidder will be able to compulsorily acquire Sihayo without the support of Provident Aurum and its associates).

1.6 If you do not accept the Offer, you may remain exposed to risks and uncertainties associated with Sihayo

The certainty of Provident Aurum's all-cash Offer compares favourably to the company-specific and external risks and uncertainties to which Sihayo and the Project may be subject that could affect the trading price of Sihayo Shares.

If you do not accept the Offer, you may remain exposed to key risks and uncertainties including those listed below.

a) Uncertainty surrounding the development of the Project

Despite multiple Entitlement Issues over many years, Sihayo has not yet been able to advance the Project to the development phase. There is no certainty as to when the Project will be developed or if it will be developed at all.

Unless and until the Project is successfully developed, Sihayo will continue to incur ongoing expenses including exploration costs, administrative expenses, and expenses to maintain itself as a publicly listed company, without generating any relevant income.

Sihayo Shareholders will be expected to continue to fund these ongoing expenses until the Project has been successfully developed and until it is producing sufficient income to cover its own expenses.

b) Financing risks

In the event the Project progresses to the development phase, a substantial amount of additional equity and debt will be required to fund the Project.

There is no certainty that Sihayo will be able to raise the required equity and / or debt.

To raise the required equity, shareholders will need to participate in potentially large equity raisings to avoid being diluted.

In addition, given the current high-interest rate environment, even if Sihayo can raise sufficient debt, the potentially high cost of this debt may have an adverse impact on returns for shareholders.

c) Development risks

Given the Project is of a relatively small scale, its returns are highly sensitive to unanticipated development challenges including technical difficulties, industrial and environmental accidents,

seasonal weather patterns, changing government regulations, and many other factors beyond Sihayo's control.

d) Operational risks

In the event the Project is successfully developed, Sihayo may still be subject to various operational challenges including failure to achieve predicted grades in exploration and mining, operational and technical difficulties, unanticipated metallurgical problems, mechanical failure or plant breakdown, adverse weather conditions, industrial and environmental accidents, industrial disputes and unexpected shortages, and unexpected increases in production costs.

The Project's operational success is sensitive to metallurgical recoveries and in May 2023, Sihayo announced a significant uplift in metallurgical recoveries from Caustic Leaching based on test work. If actual metallurgical recoveries are lower than those observed during this initial test work, it would have a substantial negative impact on the Project's cashflows.

e) Gold price

The market price for gold can fluctuate widely. These fluctuations are caused by numerous factors beyond Sihayo's control including, but not limited to, global gold production levels, global GDP growth, global or regional economic events, and speculative positions taken by investors. There is no assurance that gold prices will remain at current levels.

A decline in the market price of gold for a sustained period would have an adverse impact on the Project and on the value of Sihayo Shares.

f) Foreign exchange rate volatility

The international price of gold is quoted in United States Dollars, while Sihayo's income and expenditure are and will be denominated in Australian Dollars and Indonesian Rupiah. This exposes Sihayo to potential fluctuations and volatility in the exchange rates between the United States Dollar and the Australian Dollar, as well as the United States Dollar and Indonesian Rupiah, as determined in international markets.

g) Indonesian risks

As a developing nation, Indonesia's fiscal and monetary controls, laws, policies, and regulatory processes in many areas are less established and less predictable than in many developed nations. No assurance can be given regarding Indonesia's future stability.

Possible sovereign risks associated with operating in Indonesia include the below:

- changes to the terms of mining legislation;
- changes in foreign ownership restrictions;
- failure to obtain or renew operating permits;
- expropriation of assets by the government or other bodies;
- changes to royalty arrangements;
- changes to taxation rates and concessions; and
- ability to enforce legal rights.

Any of the above factors may adversely affect Sihayo and its ability to produce gold and generate cashflows from the Project.

1.7 If you do not accept the Offer and if Provident Aurum achieves a more than 50% interest in Sihayo, you may be subject to increased minority shareholder risks and uncertainties

If you do not accept the Offer and if Provident Aurum achieves more than 50% but less than a 90% relevant interest in Sihayo, you may be exposed to increased minority shareholder risks and uncertainties.

Provident Aurum's resultant shareholding in Sihayo may further affect the already limited liquidity of Sihayo's Shares, thereby exposing remaining Sihayo Shareholders to even greater volatility, less institutional support, and limited analyst coverage.

Subject to meeting the eligibility requirements of the Listing Rules, Provident Aurum may also seek to have Sihayo removed from the official list of the ASX. Should this occur, remaining as a minority shareholder in a private company presents you with additional risks in the future, including significant difficulty in selling Your Shares at the current price levels.

1.8 If the Offer is unsuccessful, the trading price of Sihayo Shares may remain below the Offer Price

As noted before, the Offer Price is at a premium to recent historical trading prices of Sihayo Shares. If the Offer is unsuccessful, the trading price of Sihayo Shares may remain below the Offer Price.

As a result, Sihayo Shareholders who have not accepted the Offer before it lapses may not have another opportunity to sell their Sihayo Shares for the Offer Price, as Sihayo Shares may trade at levels below the Offer Price going forward (although this is difficult to predict with any degree of certainty) and there may be insufficient liquidity to sell a material portion of Your Shares on market (particularly given low historical trading liquidity of Sihayo Shares).

If you accept the Offer and the Offer becomes unconditional, you will no longer be exposed to the risks and uncertainties inherent in owning Sihayo Shares. By contrast, if you do not accept the Offer, the amount which you will be able to realise for Your Shares is uncertain.

1.9 If the Offer is unsuccessful, Provident Aurum may reconsider its investment in Sihayo, potentially leading to a discontinuation of financial support for the Project or even to the divestment of Provident Aurum's Sihayo Shares

Over the past 5 years, Sihayo has consistently raised capital through a series of Entitlement Issues, and Provident Minerals (Provident Aurum's sole shareholder) has consistently taken up its entitlements. Provident Minerals has also consistently been one of the parties underwriting the recent Entitlement Issues.

Notwithstanding the capital raised over the past 5 years, Sihayo will require substantially more capital in order to fund both the exploration and development of the Project. In addition to exploration and development costs, if the Offer fails to proceed to compulsory acquisition, Sihayo will continue to incur significant recurring expenses which are required to maintain Sihayo as a publicly listed company.

Should the Offer be unsuccessful, Provident Aurum may reconsider its Sihayo investment which may lead to Provident Aurum discontinuing its financial support for Sihayo. Without such financial support or another source of funding, Sihayo may not be able to develop the Project and may even not be able to continue to operate as a going concern.

Should the Offer be unsuccessful, Provident Aurum may even consider divesting its Sihayo Shares through a market sell-down process which would likely have an adverse impact on the value of Sihayo Shares.

1.10 Provident Aurum considers that the trading price of Sihayo Shares is justifiably significantly lower than Sihayo's calculation of the NPV of the Project in May 2023

In May 2023, Sihayo disclosed its calculation of the NPV for the Project. Provident Aurum believes that the market capitalisation, based on the trading price of Sihayo Shares, better reflects the value of Sihayo compared to Sihayo's calculation of the NPV of the Project. Therefore, the Offer Price should be considered in light of this.

Whilst not an exhaustive list, Provident Aurum believes that the below factors should be taken into account when considering the value of Sihayo.

a) Gold recoveries

The NPV disclosed in May 2023 is significantly higher than the NPV disclosed by Sihayo in February 2022. The increase appears to be mainly due to the application of a Caustic Leaching technique which is hoped will significantly increase gold recoveries.

The assumed uplift in gold recoveries is based only on test work in a laboratory. It is not certain that these gold recoveries will materialise in practice once the Project has been constructed, and Sihayo's NPV calculation of the Project outlined the significant sensitivity in the NPV to the gold recovery rate. Sihayo Shareholders may therefore wish to consider the value of Sihayo Shares based on a range of gold recovery assumptions.

b) Discount rate

The NPV disclosed in May 2023 was derived using a 5.0% discount rate. While Provident Aurum acknowledges that such a discount rate is sometimes applied by gold sector analysts, this is a theoretical rate often used for comparing NPVs across projects. Sihayo Shareholders may wish to evaluate the value of their Sihayo Shares based on other discount rate assumptions.

In Provident Aurum's view, a bottom-up weighted average cost of capital (**WACC**) should be performed to arrive at an appropriate discount rate for the Project (in the context of assessing the current value of a Sihayo Share). A bottom-up approach requires an estimate of the cost of debt, the cost of equity and the likely weighting of these two sources of capital.

Regarding an estimate for an appropriate cost of debt, Provident Aurum considers the yield on US 10-year treasuries to be a broadly accepted proxy for a risk-free rate (**Risk-free Rate**).³ This Risk-free Rate was approximately 4.61% as at 29 April, 2024. Provident Aurum expects that the cost of debt for a greenfield project in Northern Sumatra (if indeed debt is even available) would be much higher than the Risk-free Rate; potentially more than double the Risk-free Rate.

In terms of an estimate for an appropriate cost of equity, Provident Aurum believes that equity providers will expect a significantly higher return compared to that of debt providers.

Based on the above, Provident Aurum believes that an appropriate discount rate for the Project (in the context of assessing the current value of a Sihayo Share) should be more than double the discount rate used by Sihayo in May 2023.

³ **Source(s):** Bloomberg as at 29 April, 2024.

c) Sihayo level factors

The NPV disclosed in May 2023 is based on the NPV of the Project itself and there are certain factors at the Sihayo level that are not reflected in this NPV that may be relevant to the assessment of the value of a Sihayo Share, including those identified below.

i. Sihayo head office costs

The NPV disclosed in May 2023 does not consider the significant administrative expenses at the Sihayo level which are not directly related to the Project but are required nonetheless. These expenses include costs associated with regulatory compliance, investor relations, non-site employee expenses, corporate secretarial expenses, travel expenses, etc. An NPV of these head office costs would be very material relative to the NPV of the Project.

ii. PT ANTAM's stake in the Project

The NPV disclosed in May 2023 values the Project on a 100% basis. However, it is important to note that Sihayo only indirectly owns 75% of the Project, with the remaining 25% being owned by PT ANTAM. Therefore, to value Sihayo (as opposed to the Project) you need to make an adjustment to reflect PT ANTAM's shareholding.

The CoW was issued to PT Sorikmas on 19 February, 1998. The CoW is located in North Sumatra, Indonesia.

The initial CoW covered an area of 201,600 ha. Two partial relinquishments in 1999 and 2000 have resulted in the current area being reduced to 66,200 ha. The CoW was converted into an operation production phase on 7 December, 2017, which runs until 6 October, 2049. At the end of this phase, PT Sorikmas has the right to two 10-year extensions under prevailing Indonesian mining law.

The updated MRE for the Project, including the Sihayo and Sambung gold deposits, is around 1.71 Moz of gold, with further potential to be expanded with additional drilling beneath and between the defined resources.⁷

Bidder's Statement

(1) Sihayo Group makes full repayment of all outstanding debt from free cashflow.

(2) The first to occur of:

 - 20% will vest upon the publication of an ASX announcement to that effect; and

4.7 Sources of debt funding

On 27 October, 2023, Sihayo reached an agreement with Provident Minerals for a working capital loan of US\$3.9 million for up to a 12 months duration from the date of the agreement. The key terms of the loan are set out below:

Items	Terms
Total amount	US\$3,900,000
Drawdown dates available from:	26 October, 2023: US\$1,500,000 10 December, 2023: US\$800,000

¹⁰ Figures are before costs

Items	Terms
	10 January, 2024: US\$800,000 10 April, 2024: US\$800,000
Maturity	26 October, 2024
Interest rate	12% per annum
Security	Unsecured, ranks pari passu with existing unsecured obligations.

The working capital loan was granted by Provident Minerals to fund Sihayo's permitting payments, including the balance of the reclamation guarantee required for construction activities for the Project. Importantly, the loan is not contingent on the success of the Offer, and an unsuccessful Offer does not trigger an immediate repayment obligation.

However, if the Offer is unsuccessful, Provident Aurum and its parent company Provident Minerals may reconsider its Sihayo investment, potentially leading to a discontinuation of future financial support for Sihayo and the Project. If so, Sihayo would likely need to raise equity or debt to repay the loan by maturity.

4.8 Upfront funding required for the Project

On 23 May, 2023, Sihayo released an update regarding its estimation of the upfront capital cost required for the Project. The projected figure notably exceeds three times the total funds Sihayo has successfully raised over the past five years. Consequently, there is no assurance that Sihayo will secure the necessary funding to initiate the Project.

Upfront Capital Costs	Amount (US\$ millions)
Processing plant	50
Owner's costs	40
Tailings storage facility	29
Contingency	22
Infrastructure	18
Open-pit mining infrastructure	12
Establishment of operations team during construction	11
Pre-production mining costs	11
Project general costs	9
Site support facilities	8
Mobile equipment	7

Upfront Capital Costs	Amount (US\$ millions)
Working capital	2
Temporary construction facilities	1
Total upfront capital costs	221

4.9 Financial results

On 15 March, 2023, Sihayo issued its financial results for the half-year ended 31 December, 2023. The financial results announcement is available via the ASX.

4.10 Publicly available information

As a company listed on ASX, Sihayo is subject to regular reporting and continuous disclosure obligations. Among other things, Sihayo is required to immediately notify ASX of any information of which it becomes aware which a reasonable person would expect to have a material effect on the price or value of Sihayo Shares, subject to certain exceptions.

Announcements made by Sihayo to ASX are available from the ASX website at www.asx.com.au.

Further publicly available information about Sihayo is available on its website at www.sihayogold.com/site/content.

5. Provident Aurum's intentions

5.1 Introduction and important note

This section sets out Provident Aurum's current intentions for:

- the continuation of Sihayo's business;
- any major changes to be made to Sihayo's business, including any redeployment of the fixed assets of Sihayo; and
- the future employment of the present employees of Sihayo.

Provident Aurum's current intentions for Sihayo have been formed following a review of facts, information, and circumstances about Sihayo that were publicly available at the date of this Bidder's Statement.

The intentions set out in this section are subject to a general strategic review that Provident Aurum will undertake soon after the Offer has closed. As such, statements set out in this section are statements of current intention only which may change as new information becomes available or as circumstances change.

5.2 Intentions if Provident Aurum obtains a relevant interest in 90% or more of the Sihayo Shares

Without limiting the comments in section 5.1, this section sets out Provident Aurum's current intentions should it (together with its associates) obtain a relevant interest in 90% or more of Sihayo Shares and become entitled to proceed to compulsory acquisition in respect of the outstanding Sihayo Shares it does not own.

In that circumstance, Provident Aurum's current intentions are as follows:

Compulsory acquisition

If it becomes entitled to do so under Part 6A.1 of the Corporations Act, Provident Aurum intends to proceed with compulsory acquisition of the outstanding Sihayo Shares in accordance with the provisions of Part 6A.1 of the Corporations Act, including any Shares which are issued after the close of the Offer as a result of the exercise of Sihayo Options (see section 4.4 of this Bidder's Statement).

In addition, if Provident Aurum becomes entitled to exercise the general compulsory acquisition right under Part 6A.2 of the Corporations Act, it may exercise those rights to compulsorily acquire any outstanding Sihayo Shares (if the conditions for compulsory acquisition under Part 6A.1 are not satisfied) or Sihayo Options then on issue in accordance with the provisions of Part 6A.2 of the Corporations Act, although it reserves the right not to do so.

ASX delisting

Following the compulsory acquisition of the remaining Sihayo Shares, Provident Aurum intends to seek to procure the removal of Sihayo from the official list of ASX.

In addition, Provident Aurum intends to seek to procure the removal of Sihayo from the official list of ASX if it does not satisfy the conditions for compulsory acquisition. In this regard, ASX guidance indicates that the usual conditions that the ASX would expect to be satisfied in order for it to approve the removal of Shares from the official list in the context of a successful takeover bid include:

- at the end of the Offer, Provident Aurum owns or controls at least 75% of the Shares and the Offer has remained open for at least two weeks after Provident Aurum has attained ownership or control of at least 75% of the Shares; and
- the number of Sihayo Shareholders (other than Provident Aurum and its associates) having holdings with a value of at least A\$500 is fewer than 150, and, in such cases, the ASX will not

Bidder's Statement

usually require Provident Aurum to obtain Sihayo Shareholder approval for Sihayo's removal from the official list of ASX.

In addition, ASX may, even if the above conditions are not satisfied, approve an application for Sihayo to be removed from the official list of ASX with Sihayo Shareholder approval and, where such removal is sought later than 12 months after the close of the Offer, subject to the ASX's discretion, Provident Aurum and its associates may be entitled to vote on the resolution approving the removal.

Amend Sihayo's constitution

If Sihayo becomes wholly owned by Provident Aurum, Provident Aurum will amend the constitution of Sihayo to reflect its status as a wholly owned subsidiary of Provident Aurum and will seek to convert Sihayo from a public company to a proprietary company.

In addition, if Sihayo does not become wholly owned by Provident Aurum but is removed from the official list of ASX, Provident Aurum will amend the constitution of Sihayo to reflect its status as an unlisted company and will seek to convert Sihayo from a public company to a proprietary company if the number of non-employee members falls to 50 or less.

Directors

If Sihayo becomes controlled by Provident Aurum, Provident Aurum will replace some or all members of the Sihayo Board (and the board of any company on which Sihayo has nominee directors) with its own nominees. Replacement directors have not yet been identified by Provident Aurum and their identity will depend on the circumstances at the relevant time.

On acquiring control, Provident Aurum will request some or all members of the Sihayo Board (and the board of any company on which Sihayo has nominee directors) to resign after appointing Provident Aurum's nominees as directors. If they fail to do so, Provident Aurum will requisition (or seek the requisition of) a meeting of members to effect the removal and replacement.

Operations

After the close of the Offer, while it has no intention to develop the Project in the near term, Provident Aurum (together with the reconstituted Sihayo Board) intends to conduct a broad-based review of Sihayo's overall business at a strategic, financial, and operational level. The review will focus on identifying opportunities for cost reduction.

In the medium term, Provident Aurum may allocate more resources to try to develop the Project. The level of activities for the Project is expected to increase considerably before the development of the Project becomes certain and this is likely to lead to significantly more capital raisings which could be a combination of debt and equity. To the extent that this is raised via further equity raisings in which remaining Sihayo Shareholders do not participate (or do not participate pro rata to their existing shareholdings), remaining Sihayo Shareholders' shareholdings will be diluted.

If Sihayo is delisted from the ASX, Provident Aurum also intends to review the corporate structure of Sihayo which may lead to a restructuring exercise involving removal of certain holding entities between the shareholders of Sihayo and the Project.

Employees

As stated above, Provident Aurum will conduct a strategic review of Sihayo's business. As part of this strategic review, Provident Aurum intends to evaluate the capabilities and fit of the existing Sihayo employees. Certain job losses may occur in connection with redundant functions such as (but not limited to) activities associated with the maintenance of an ASX listing. If there are any employment-related actions to be taken as a result of the operational review, applicable employment laws will be complied with.

5.3 Intentions if Provident Aurum obtains a relevant interest in more than 50% but less than 90% of Sihayo Shares

This section sets out Provident Aurum's current intentions if it obtains a relevant interest in more than 50% of Sihayo Shares but does not proceed to the compulsory acquisition of the outstanding Sihayo Shares.

In that circumstance, it is the present intention of Provident Aurum to procure that the new Sihayo Board implements the objectives and goals outlined in section 5.2 to the extent possible and appropriate, but subject to the following.

Directors

Depending on the level of ownership achieved, it is Provident Aurum's intention to replace some or all of the members of the Sihayo Board (and the board of any company on which Sihayo has nominee directors) with Provident Aurum's nominee directors. The number of directors that Provident Aurum seeks to appoint will depend on its level of voting power in Sihayo. To ensure appropriate governance arrangements, Provident Aurum may look to appoint independent directors to the Sihayo Board.

Operations

After the close of the Offer, while it has no intention to develop the Project in the near term, Provident Aurum (together with the reconstituted Sihayo Board) intends to conduct a broad-based review of Sihayo at a strategic, financial, and operational level. The review will focus on identifying opportunities for cost reduction.

In the medium term, Provident Aurum may allocate more resources to try to develop the Project. The level of activities for the Project is expected to increase considerably before the development of the Project becomes certain and this is likely to lead to significantly more capital raisings which could be a combination of debt and equity. To the extent that this is raised via further equity raisings in which remaining Sihayo Shareholders do not participate (or do not participate pro rata to their existing shareholdings), remaining Sihayo Shareholders' shareholdings will be diluted.

5.4 Intentions if Provident Aurum does not obtain a relevant interest in more than 50% of Sihayo Shares

The Offer is conditional upon, inter alia, Provident Aurum obtaining a relevant interest in more than 50% of the Sihayo Shares. Provident Aurum reserves its right to declare the Offer free of that Condition (or any other Condition).

If the Offer is not successful, Provident Aurum will undertake a review of its Sihayo investment and may explore the possibility of divesting its Sihayo Shares via a market sell-down process or other means and may withdraw its involvement in Sihayo including discontinuation of financial support.

5.5 Limitations on giving effect to these intentions

The ability of Provident Aurum to implement the intentions set out in this section 5 will be subject to the legal and equitable obligations of the Sihayo directors to have regard to the interests of Sihayo and Sihayo Shareholders generally, their obligations to act in good faith in the best interests of Sihayo and for a proper purpose, and the other requirements of the Corporations Act and if applicable, the ASX Listing Rules (including relating to transactions between related parties).

Provident Aurum will only make final decisions on the intentions described in this section 5 following professional advice in relation to those requirements and will have regard to the particular circumstances prevailing at the time of the decisions. The intentions and statements of future conduct set out in this section 5 must therefore be read as subject to these matters.

5.6 Intentions generally

Subject to the matters described above in this section 5 and elsewhere in this Bidder's Statement, and in particular the completion of the strategic, financial, and operating review described above, Provident Aurum otherwise intends, based on the information presently known to it:

- to identify opportunities for cost reduction;
- to evaluate the capabilities and fit of the existing Sihayo employees;
- to maintain focus on the Project; and
- otherwise not to implement any significant changes to the business of Sihayo or the deployment of Sihayo's assets.

6. Sources of consideration

6.1 Total cash consideration

The consideration for the acquisition of your Sihayo Shares under the Offer will be satisfied wholly in cash via payment by Provident Aurum.

The maximum amount of cash that Provident Aurum would be required to pay under the Offer if acceptances are received in respect of Shares on issue as at the date of this Bidder's Statement (including any Shares that may arise from the exercise of Sihayo Options, but not including those Shares which Provident Aurum already owns) would be A\$19,164,107 (**Total Funding Amount**).

6.2 Funding arrangements

The Offer is not subject to any financing conditions.

Provident Aurum has entered into a legally binding agreement with Crystal Crescent Limited (**Crystal Crescent**), a member of the Provident Group, pursuant to which Crystal Crescent has unconditionally committed to provide (or procure the provision of) an amount that is not less than the Total Funding Amount (plus any associated transaction costs incurred by Provident Aurum in connection with the Offer) to Provident Aurum, as and when required by Provident Aurum. Crystal Crescent will do so either via a capital injection or a shareholder loan.

Crystal Crescent, has advised Provident Aurum that it will provide these funds using its internal cash reserves and its existing US\$ credit facility provided by United Overseas Bank Limited, and there are no internal or third-party approvals required for Crystal Crescent to do so. As of the date of this Bidder's Statement, Crystal Crescent has undrawn commitments under its credit facility exceeding the Total Funding Amount, along with any associated transaction costs incurred by Provident Aurum in connection with the Offer.

As of the date of this Bidder's Statement, Provident Aurum is not aware of any circumstances that could reasonably be anticipated to hinder the availability of funding to Provident Aurum at any point when necessary to fulfil its obligations in settling acceptances under the Offer, including any associated transaction costs incurred by Provident Aurum in connection with the Offer.

6.3 No hedging

There are no current hedging arrangements in place for movements in exchange rates in respect of the arrangement described in this section 6. However, Provident Aurum expects that the funds available under those arrangements will be sufficient to pay the Total Funding Amount, plus Provident Aurum's anticipated costs associated with the Offer, even in the event of an adverse movement in exchange rates.

6.4 Provision of consideration

On the basis of the arrangements described in this section 6, Provident Aurum is of the opinion that it has reasonable grounds for holding the view, and holds the view, that it will be able to provide the consideration offered under the Offer as well as the costs associated with the Offer.

7. Tax considerations

7.1 Introduction

The following is a summary of the potential Australian income tax consequences generally applicable to an Australian tax resident Sihayo Shareholder who disposes of Sihayo Shares under the Offer. This summary is based on the law and practice in effect on the date of this Bidder's Statement.

The following summary is not intended to be an authoritative or complete statement of the tax law applicable to the specific circumstances of every Sihayo Shareholder.

In particular, the summary is only applicable to Sihayo Shareholders who are Australian residents for income tax purposes, hold post CGT shares, and hold their Sihayo Shares on capital account for income tax purposes.

The summary does not apply to Sihayo Shareholders who:

- are exempt from Australian income tax;
- hold their Sihayo Shares in the course of carrying on a business (e.g., as trading stock) or on revenue account (e.g. as part of a profit-making undertaking or scheme);
- acquired their Sihayo Shares pursuant to an employee share, rights, or option scheme;
- are temporary residents, or have changed their tax residence while holding Sihayo Shares; or
- are subject to the Taxation of Financial Arrangements provisions in Division 230 of the Income Tax Assessment Act 1997 (Cth).

All Sihayo Shareholders are advised to seek independent professional advice about their particular circumstances. Non-resident Sihayo Shareholders should seek their own advice on the Australian and foreign taxation consequences of any disposal of their Sihayo Shares.

7.2 CGT consequences on the disposal of Sihayo Shares

CGT Event

A disposal by a Sihayo Shareholder of their Sihayo Shares pursuant to the Offer will constitute a CGT event for the Sihayo Shareholder. The date of the CGT event will be the date the contract to dispose of particular Sihayo Shares is entered into by the Sihayo Shareholder, or in the case of compulsory acquisition, the date when the Sihayo Shareholder ceases to be the owner of Sihayo Shares.

Calculation of Capital Gain or Capital Loss

Sihayo Shareholders will make a capital gain to the extent that the capital proceeds from the disposal of the Sihayo Shares are more than the cost base of those Sihayo Shares. Conversely, Sihayo Shareholders will make a capital loss to the extent that the capital proceeds from the disposal are less than their reduced cost base of those Sihayo Shares.

Cost Base

The cost base of Sihayo Shares generally includes the purchase price paid for the shares and certain non-deductible incidental costs of their acquisition and disposal. The reduced cost base of the Sihayo Shares is usually determined in a similar, but not identical, manner. The cost base and reduced cost base of Sihayo Shares will depend on each Sihayo Shareholder's individual circumstances.

Capital Proceeds

The capital proceeds from a disposal of Sihayo Shares is generally the amount of consideration received by the Sihayo Shareholder for the disposal.

Other Issues

If a Sihayo Shareholder makes a capital gain from a disposal of particular Sihayo Shares, the capital gain is aggregated with other capital gains made by the Sihayo Shareholder in the same income year. Each share is a separate CGT asset. Any available capital losses of the Sihayo Shareholder from the same or previous income years may then be offset against the capital gains (subject to satisfaction of loss recoupment tests). If there is a capital gain remaining after application of available capital losses, the Sihayo Shareholder may be entitled to apply a discount (see below). Any net capital gain after applying the discount (if applicable) is included in assessable income of the Sihayo Shareholder in that income year.

Individuals, complying superannuation entities and trusts that have held (or are taken to have held) the CGT asset to which the capital gain relates for at least 12 months before the CGT event may be entitled to discount the amount of the capital gain (after application of capital losses) by 50% in the case of individuals and trusts or by 33⅓% for complying superannuation entities. For trusts, the ultimate availability of the discount for beneficiaries of the trust in relation to distribution of capital gains by the trust will depend on the particular circumstances of the beneficiaries. No discount is available for Sihayo Shareholders that are companies.

If a Sihayo Shareholder makes a capital loss from the disposal of particular Sihayo Shares, the capital loss may only be used to offset capital gains of the Sihayo Shareholder in the same or future income years (subject to satisfaction of loss recoupment tests).

The purchaser has assessed that shares in Sihayo are not "taxable Australian property" per section 855-15 of the Income Tax Assessment Act 1997, on this basis the purchaser does not intend to withhold Foreign Resident Capital Gains Withholding Tax in respect of payments made.

7.3 GST and stamp duty

GST

The disposal of Sihayo Shares under the Offer should not be subject to GST. Sihayo Shareholders may be charged GST on costs they incur which relate to the disposal transaction (e.g., legal, financial, and tax adviser fees). Certain Sihayo Shareholders may be entitled to claim input tax credits or reduced input tax credits in relation to the GST amount incurred on these costs but should seek independent tax advice in relation to their individual circumstances.

Duty

Sihayo Shareholders who dispose of their Sihayo Shares will not incur any Australian duty under the Offer.

7.4 Obtain your own taxation advice

Do not rely on the comments or the statements contained in this Bidder's Statement as advice about your own affairs. The taxation laws are complex and there could be implications in addition to those generally described in this Bidder's Statement.

Accordingly, consult your own tax advisers for advice applicable to your individual needs and circumstances. To the extent permitted by law, neither Provident Aurum nor any of its Directors or advisers accept any liability or responsibility in respect of any statement concerning the tax consequences to particular Sihayo Shareholders from disposing of their Sihayo Shares under the Offer.

 - (i) one month after Provident Aurum is given the documents; and

- (ii) 21 days after the end of the Offer Period; or
- (d) after the end of the Offer Period, Provident Aurum will provide the consideration within 21 days after the documents are given. However, if at the time the document is given, the Offer is still subject to a Condition in paragraph 3 of Schedule 2, Provident Aurum will provide the consideration within 21 days after the time the contract resulting from your acceptance of the Offer becomes unconditional.

If you do not give Provident Aurum the required additional documents within one month after the end of the Offer Period, Provident Aurum may, in its sole discretion, rescind the contract resulting from your acceptance of the Offer.

5.5. Where Provident Aurum is entitled to any Rights

If Provident Aurum becomes entitled to any Rights on acceptance of this Offer, you must give Provident Aurum all documents that Provident Aurum needs to give Provident Aurum title to those Rights. If you do not give those documents to Provident Aurum, or if you have received the benefit of those Rights, Provident Aurum will deduct from the consideration otherwise due to you the amount (or value, as reasonably assessed by Provident Aurum) of those Rights.

6. Conditions of the Offer

6.1. Conditions

This Offer and the contract that results from acceptance of this Offer are subject to fulfilment of the Conditions.

6.2. Nature of Conditions

Each of the Conditions set out in each paragraph and subparagraph of Schedule 2:

- (a) constitutes and will be construed as a separate, several and distinct condition, such that no event will be taken to limit the meaning or effect of any other event listed in the Condition;
- (b) is a condition subsequent to the formation of the contract resulting from your acceptance of this Offer; and
- (c) subject to the Corporations Act, until the relevant time specified in paragraph 6.5 of this Schedule 1, will be for the benefit of Provident Aurum alone and may be relied upon only by Provident Aurum.

6.3. Conditions apply to multiple events

Where an event occurs that would mean at the time the event occurs a Condition to which this Offer or the contract resulting from your acceptance of this Offer is then subject would be breached or would not be satisfied, each Condition affected by that event becomes two separate Conditions on identical terms except that:

- (a) one of them relates solely to that event; and
- (b) the other specifically excludes that event.

Provident Aurum may declare the Offer free under paragraph 6.5 of this Schedule 1 from either of those Conditions without declaring it free from the other and may do so at different times. This paragraph may apply any number of times to a Condition (including a Condition arising from a previous operation of this paragraph).

6.4. Effect of breach or non-fulfilment

If:

Bidder's Statement

- (a) Provident Aurum has not declared the Offers (and they have not become) free from a Condition; or
- (b) a Condition has not been satisfied,

by the relevant time specified in paragraph 6.5 of this Schedule 1, all contracts resulting from the acceptance of the Offers and all acceptances that have not resulted in binding contracts will be automatically void.

6.5. Provident Aurum may decide Offer is free from all or any of the Conditions

- (a) Provident Aurum may at any time at its sole discretion but in compliance with section 650F of the Corporations Act, declare the Offers free from all or any of the Conditions by written notice to Sihayo and to the ASX.
- (b) This notice may be given:
 - (i) in relation to the Conditions in paragraph 3 of Schedule 2 – by the end of the third Business Day after the end of the Offer Period; or
 - (ii) in relation to the other Conditions – not later than seven days before the end of the Offer Period.

6.6. Date for giving notice on status of Conditions

The date for giving a notice on the status of the Conditions as required by section 630(1) of the Corporations Act is the date seven days before the end of the Offer Period, subject to variation under section 630(2) of the Corporations Act if the Offer Period is extended.

6.7. Withdrawal

- (a) Provident Aurum may withdraw unaccepted Offers at any time with the written consent of ASIC and subject to the conditions (if any) specified in that consent. If ASIC gives such consent, Provident Aurum will give notice of the withdrawal to the ASX and to Sihayo, and will comply with any other conditions imposed by ASIC.
- (b) If, at the time this Offer is withdrawn, all the Conditions have been freed or satisfied, all contracts arising from acceptance of the Offer before it was withdrawn will remain enforceable.
- (c) If, at the time this Offer is withdrawn, the Offer remains subject to one or more Conditions, all contracts arising from the acceptance will become void (whether or not the events referred to in the relevant Conditions have occurred).
- (d) A withdrawal pursuant to this paragraph 6.7 will be deemed to take effect:
 - (i) if the withdrawal is not subject to conditions imposed by ASIC, on and after the date that consent in writing is given by ASIC; or
 - (ii) if the withdrawal is subject to conditions imposed by ASIC, on and after the date those conditions are satisfied.

6.8. Variation

Provident Aurum may vary this Offer in accordance with the Corporations Act.

7. Costs and expenses

All costs and expenses of the preparation, dispatch and circulation of the Offers and all stamp duty payable (for which Provident Aurum is liable) for a transfer of Sihayo Shares for which Offers are accepted, will be paid by Provident Aurum.

8. Governing laws

This Offer and any contract that results from your acceptance of it are to be governed by the laws in force in New South Wales, Australia.

Your acceptance must be received by no later than the end of the Offer Period, which is 7:00pm (AEST) on the last day of the Offer Period, being 12 July 2024 (unless extended or withdrawn by the Bidder).

This form and the Bidder's Statement are important documents that require your immediate attention. This form relates to an offer (**Offer**) by Provident Aurum Pte. Ltd. ARBN 677 030 885 (**Provident** or **Bidder**) to acquire all of your fully paid ordinary shares (**Shares**) in Sihayo Gold Limited ACN 009 241 374 (**Sihayo**), the terms of which are set out in the Bidder's Statement dated 21 May 2024 as replaced or supplemented (**Bidder's Statement**). If you are in doubt about how to deal with this Offer, please contact your financial or other professional advisor.

Note this form can only be used in relation to the Sihayo shareholding represented by the details printed above and overleaf.

The consideration for your Shares will be paid to the name(s) as they appear on the Sihayo register, as provided to the Bidder. The current address recorded on the Bidder's copy of the Sihayo register is printed above and overleaf. If you have recently bought or sold Shares your holding may differ from that shown. If you want the Bidder to contact your Controlling Participant on your behalf, sign and return this form to the address above so that it is received in sufficient time to allow your instruction to be acted upon by the close of the Offer Period. This will authorise the Bidder and Share Registry to request your Controlling Participant to initiate acceptance of the Offer on your behalf.

By signing this form, you represent and warrant to the Bidder, as set out in section 4.7 (b) of Schedule 1 of the Bidder's Statement, that both at the time of acceptance and at the time the transfer to the Bidder of your Shares is registered:

- all of Your Shares are and will be fully paid and free from all mortgages, charges, liens, encumbrances and adverse interests of any nature (whether legal or otherwise) and free from restrictions on transfer of any nature (whether legal or otherwise);
- that you have full power and capacity to accept this Offer and to sell and transfer the legal and beneficial ownership in Your Shares (including any Rights) to the Bidder; and

- you have full power and capacity to sell and transfer those Sihayo Shares.
